🐙 Yash1-dev

Education

Reva University

Bachelor of computer applications

jun. 2020 – jun 2023

Bengaluru, Karnataka

Relevant Coursework

- Data Mining
- Software Engineering
- Artificial Intelligence
- Database Management
- Artificial Intelligence
- Cloud Computing
- Cyber Security
- Python

Experience

One tru web software solutions

Jan 2023 - Jul 2023

Fullstack developer intern

Bengaluru, Karnataka

- Developed A Portfolio Website By Using Html, Css and javascript.
- Implemented a Responsive Design By Using Html, Css And Bootstrap that allowed the application to be used on various devices with the same user experience.

Projects

Qr based attendance management System with ip and location tracking | **January 2023**
project aims to develop a QR code-based attendance system for educational institutions that offers a modern and efficient solution for managing student attendance. This system will replace traditional paper based methods, such as sign-in sheets, with a digital approach that leverages QR code scanning technology

Portfolio | **june 2023**
Implemented a Responsive design By Using Html, Css And javascript that allowed the application to be used on various devices with the same user experience.

Weather api application | **November 2023**
Developed a weather application that shows the temperature if we enter the pincode of the location. By using Html, Css, Javascript.

Technical Skills

Languages: Java, C, HTML, CSS, JavaScript, SQL

Developer Tools: VS Code, Eclipse, jupyter

Technologies/Frameworks: GitHub, Bootstrap

Leadership / Extracurricular

Nss

2021-2023

Member

Reva University
